PROFESSIONAL SUMMARY

A flexible team member, adaptable individual, and results-driven undergraduate in Information Technology (IT). I work diligently and I am motivated to learn new things and use what I have learned in my career. I am also willing to learn and develop. I am sure I will benefit your team in as much as learning from your noble institution.

EDUCATION

University of Education, Winneba

Bachelor of Science in Information and Communication Technology Education

Expected Graduation: November 2026 | **CGPA:** 3.86

PROJECTS / PROFESSIONAL DEVELOPMENT

Shecodes-ai | IBM Bob Edition: <https://github.com/vaswanthveer/shecodes-ai>

- I helped the team with idea conception, through planning and documentation.
- I used IBM Bob AI to build the frontend and backend for “Working mom and her mind” pages using next.js and Typescript.
- I used JEST to test shecodes-ai and documented it.

AfriSolve Hub | Current Final Year Project: <https://github.com/nanabaahnryan/AfriSolve>

- Started the idea conception and documented them using .md and Mermaid codes.
- I’m using Django templating, CSS, and JavaScript for the frontend.
- I’m using Python Django and PostgreSQL to build the various backend tasks.

E-Commerce Data Analysis | GitHub: <https://github.com/nanabaahnryan/Ecommerce-Analytics>

- Conducted exploratory data analysis (EDA) on e-commerce transaction data to uncover sales trend and customer behavior patterns.
- Cleaned and preprocessed raw data using Python (pandas), handling missing values, outliers, and inconsistent formatting.
- Created visualizations using matplotlib and seaborn to illustrate key metrics.

Mining Sector Data Analysis | GitHub: <https://github.com/nanabaahnryan/Mining-Sector>

- Analyzed mining dataset to identify operational efficiency indicators using python.
- Investigated productivity by ore type, accident incidents by role, incidents rate per 100 shifts, and peak extraction month-year.
- Developed visualizations to highlight roles with most major accident incidents, productivity by ore type and month-year with highest total ore extraction.

WORK EXPERIENCE

Teaching Internship | Baidoo Bonsoe Senior High Technical School **Sept., 2025 – April, 2026**

- Assisted in registering and entering student records in WAEC portals
- Helped in teaching ICT related subjects
- Assisted in configuring, distributing, and entering tablets records for students

Ministry of Agriculture, MIS personnel (Ahanta West Municipal Assembly) **Sept - Nov 2024**

- Collection of data to feed the MIS app
- Analysis and sorting of data acquired from workers
- Teaching and enlightening staff on how to navigate the MIS app

SEMINARS

IBM Bob Edition Virtual Event **April 30 – May 3, 2026**

- I learned AI agent patterns and how to prompt AI's.
- I learned about AI MCP' and the future of AI Native Designs

IBM AI & Automation Unpacked **June, 2025**

- I learned the use of AI automations to help business grow
- Joined the AI seminar talks from the IBM experts on the use of AI tools like Watsonic, Bob, LangChain, and others for building AI powered systems.

Bridging Campus Innovation with Blockchain World, AyaHQ Roadshow **June, 2025**

Responsible AI for Generative Models, Google Research & INFOCTESS UEW **March, 2025**

LEADERSHIP AND AFFILIATIONS

GALF Global Foundation | Chief Executive Officer | Present

- Lead strategic direction and operations for the foundation focused on guiding ambition through learning and funding.
- Call executive meetings to discuss trivial matters pertaining to the mission of the foundation.

GALF Global Foundation | Administrator **Oct 2025 – Jan 2026**

- Managed meeting discussions and coordinated community initiatives with other core executives.

University Department | Acting Academic Chair **February 2025**

- Collaborated with the Faculty Board of Academic chair to prepare, organize, and conduct academic activities.

Gyabenkrom M/A JHS | Senior Boys Prefect **2018**

- Maintained discipline and coordinated campus activities.
- Served as a liaison between students and authorities.

AWARDS

BEST LEVEL 200 STUDENT OF THE YEAR | University of Education Winneba **2024**

- Recognized for outstanding academic performance in ICT Education Department.

SKILLS

- Artificial Intelligence (AI) literate
- **Programming and Data:** Java, C++, Python, JavaScript, SQL Databases
- **Data Analysis:** Data cleaning, visualization, ETL pipelines
- **Tools:** MS Office Suite, Power BI, pgAdmin
- **Languages:** English (Fluent), Fantse
- Communication and teamwork
